## THE IMPORTANCE OF SHOPPING LOCALLY

We have many local businesses in our small town that provide goods and services we would all really miss if it became necessary to terminate because of lack of support. Our local grocery store is an integral part of our community. Without it, everyone would have to travel for the bare necessities. The farm center and gas station depend on each one of us to buy everything we can from them. We have an automotive service center as well a tire shop and welding business that need our local support. We're fortunate to have a bakery, hair dressing shop, and a car wash. The Sask Auto Fund Issuer, the post office, the credit union and the library depend on you to use their services here at home to keep the volume up and these branches open. The ice cream shop, cafe, hotel and motel also need your help to stay viable. There are also many home-based businesses in our area that we should be taking advantage of. In the event one of these businesses find it necessary to close the ripple effect would be felt by all of the rest. Our numbers are small but together we can strive to make our community strong by supporting all our businesses as much as we can.

- Submitted by Linda Seifert

## THANK YOU

Consul Skating Rink would like to thank Larry & Debbie McMillan for donating hamburger to the booth. Thank you so much to Ed & Sharon Sandor for their generous donation. We would also like to thank Southwest Community Club for their donation toward our power bill. Usually we have snow for a ski doo derby which is our fund-raiser to help pay power, unfortunately with the lack of snow & warm weather the power bills have just about reached a high of \$3000 per month so the monetary donation is greatly appreciated! Our community contributions help keep our rink going!

## CELEBRATE HERITAGE WEEK

The Government of Saskatchewan has proclaimed February 20th - 26th, 2012 as Heritage Week in the province. Heritage Week is an exciting opportunity to celebrate Saskatchewan's rich history and heritage. Since 1991, Saskatchewan has recognized the third Monday in February as Heritage Day - a national event that brings attention to our rich heritage and traditions. In 2005, Saskatchewan's Heritage Day grew into Heritage Week - a full week of celebrations, activities and events. Communities across Saskatchewan are encouraged to not only remember the importance of family roots and traditions but to also celebrate their past.

A great way to celebrate Heritage Week is to learn about the historic places that exist. Every community's unique history is written in its buildings, streets and landscapes. Historic places are symbols of a shared past. They strengthen our sense of identity, build civic pride and help define the character of our cities, towns and rural areas. Whether they are buildings, structures, streetscapes, archaeological sites or landscapes, historic places tell the story of the land, the people and the building of our province.

Saskatchewan's historic places are many and varied. They include ancient camps and hunting sites, ceremonial places, fur trade posts, town halls, schools, homes, barns, warehouses, churches, grain elevators, banks, general stores, parks and much more. Whatever their type, they are all tangible links to the past and reflect events that shaped our communities and commemorate the vision and contributions of those who came before us.

The Government of Saskatchewan supports our rich heritage assets through Provincial Heritage Property Designations and the new Main Street Saskatchewan program. Provincial Heritage Property designation formally recognizes a property's provincial significance and provides it with legal protection, ensuring its long-term preservation.

Celebrate Heritage Week by learning more about the historic places in your community and around the province. The Saskatchewan Register of Heritage Property can help you find historic places designated as Municipal or Provincial Heritage Property.
