Over 70 years ago people in our area began to build Cypress Credit Union Limited as an alternative to the traditional financial institutions that existed at the time. Since our grassroots beginning, Cypress Credit Union has served the people of Southwest Saskatchewan with care and concern for the well-being of the individual. Today, we offer that same service—where people come first.

As a member, you are an owner. Our board of directors, management and staff are part of the community of Southwest Saskatchewan. All decisions are made here. All profits stay here too, for the benefit of our members and our community. We invest in the communities we live in, where we raise our families and share the good times and bad with friends and neighbours. Cypress Credit Union provides important investment resources for local economic development and job creation.

While embracing change to remain competitive, we remember our philosophy of cooperative spirit—people helping people. The Cypress Credit Union philosophy is about serving you and your community. By putting people first, we have become leaders in providing innovative financial products and services to our members. We prefer to deal person to person and offer services that are convenient for members, not a head office bottom line.

We invite you to celebrate with us.

Join us to celebrate
our 70th Anniversary and Credit Union Day
