## 4-H IS SET FOR NEW YEAR

Reno Multiple 4-H Club organizational meeting was held on October 3rd, 2016. We elected new officers. Our President is Paige Tully; Treasurer is Braden Brost; Secretary is Natasha Pettyjohn; Vice-president is Codi Parsonage; Club Reporter is Shyanne Reynolds.

The Reno Multiple 4-H Club is collecting Ivomec boxes. More information on this is on page 3 of this paper. If you need to know more, contact Dave Reynolds or Heidi Beierbach.

We are selling personalized cake pans. Get your orders in to us by November 15th, 2016. For more information contact one of the 4-H members.

Our field trip was held on Thanksgiving weekend. 4-H members stayed overnight in Lethbridge then headed to Perlich Auction Mart for a tour and watched the pre-sort sale. Then we headed to a feedlot for a tour. Our night was fun – we went watersliding and had a pizza supper. Sunday we toured the Rocky Mountain Turf Club barns and track. Then we were able to watch the horse races and get our picture in the winner's circle. It was a ton of fun!

Our next meeting will be held on Weigh Day, December 4th. Thank you to Jean Jones for auditing our books.

## THANK YOU

We would like to thank everyone for extending so much love and support to our family during this time. It was comforting to see all of your familiar faces at my parents' funeral. Thank you to everyone who has brought or sent food for us. Thank you for all of your kind words, thoughts and support. Your kindness has meant a great deal to us. - Sherri, Travis, Shiloh and Lexie

The Southwest Community Club would like to thank everyone for coming out and supporting our Bingo and Bake Auction. Thanks also for donations from those who were unable to attend. Zane Tully won the quilt and Marilyn Buchanan won the \$50.

Words cannot express how grateful the boys and I are for all the help we received while I was laid up. Without family and friends we never would've gotten through branding, 4H Regional Fair, seeding, getting cows sorted and to pasture, checking cows, haying and hauling hay. I am personally thankful for all the beautiful flowers, cards, visitors, calls and gifts I received to keep my spirits up! Thank you to all that kept my freezer filled with comfort food....We have been continually reminded how truly blessed we are to live where we do, surrounded by such a generous community!  
Our Sincere Thanks,  
Eve, Casey, Shay & Rhett

## ★★★★★ Fencing Review

If you want a strong, fairly-priced barbed wire fence built with precision by a hard-working, honest person then call **Brandy Tremblay Fencing**. We are extremely pleased with both the wood post and metal post fences constructed by Brandy. As well as metal welding, she also does plastic welding – she repaired a trashed water trough and two car seat guards for a fraction of the cost of buying new. Bob and Nancy-Jean Taylor

**Open League Curling** will be on Thursday nights beginning on **November 24**. Fees for a whole winter of fun are only \$85 for adults and \$40 for students. Enter your team with Dale or Doreen at 306-299-5712.

**ATTENTION CATTLE PRODUCERS!** Merial Canada continues its ongoing commitment to Canada's next generation of producers with a new program to assist members of youth programs in raising funds. Introducing the IVOMEC® & EPRINEX® BoxBack Program, they will donate to the 4-H Club for every box label collected. Collect box labels from IVOMEC® Pour-On 2.5 Litres, 5 Litres and 20 Litres packs, and/or 2.5 Litres and 5 Litres packs of EPRINEX® Pour-On purchased this season for the current fall/winter treatment, up to and including February 28, 2017. Cut out the part of the box label that includes the lot number and expiry date, the Merial logo, the size (e.g. 2.5 Litres), and part of the cattle-head logo as shown in the example. Contact one of the Reno Multiple 4H members or Heidi Beierbach (299-2058) or Dave Reynolds (299-5670) to arrange for pickup.

## **SUSTAINABLE CANADA ASSOCIATION TRIANGLE REGION "Common Sense Conservation"**

### *Overview*

The Triangle Region lays within the Mixed Grassland Ecoregion of Canada known as Palliser's Triangle. Located in the most southeastern part of Alberta and the most southwestern part of Saskatchewan, forming part of the Great Plains of North America. The Triangle Region's base stretches along the 49th parallel (Canada-USA border) from 106 to 112 degrees longitude with its northern boundary touching the 52nd parallel. Palliser's Triangle was named for the man who first charted the territory, geographer and explorer, John Palliser (1817-1887). This area holds a unique-to-Canada blend of characteristics: semi-arid climate, nutrient-rich brown soils, extraordinary landscapes, and diverse plant and animal communities.

Plant and animal species extirpation and endangerment are not uncommon within the area. Of the plant and animal species currently listed in Canada as extirpated, endangered, threatened, or of special concern, many are native to the Triangle Region. Sustainable Canada Association is committed to working with government and non-government agencies, other non-profit groups, agriculture, industry, commerce, and residents to effectively manage the Triangle Region's resources.

### *History*

In January 2014 residents of the Triangle Region gathered in response to the first Emergency Protection Order under the auspices of the Species at Risk Act in Canada invoked for the protection of Greater Sage Grouse. They came together in support of establishing a Council that would keep local people involved and informed, increase collaboration, increase funding opportunities, and provide a forum to respond to "Species at Risk" legislation. This was followed by two public informational meetings through which a Steering Committee was formed to draft bylaws, goals, and an action plan which ultimately lead to the formation of Sustainable Canada Association.

### *Mission*

Sustainable Canada Association strives to proactively preserve and improve the economic, social, and environmental interests of the Triangle Region through effective partnerships and sound science.

### *Vision*

A region where community well-being is supported by a vibrant economy, through, in part, a sustainable harvest of resources, while conserving and restoring biodiversity that will endure as our legacy for future generations.

### *Goal*

Identify and recognize stakeholders as an integral component in environmental stewardship and their vital role in balancing conservation and restoration of biodiversity and a prospering economy.
