We would like to give the most sincere thank you to everyone who helped us with Will's accident. Thank you to Mary, Dave and Vicki for taking such good care of him on the ambulance through such a scary time. Thank you to all the people who texted and called to see how he was doing and to those who visited us and dropped off things; they all made him feel better. Thank you to our family that helped us at home while we were away and to the staff and students at the school who go out of their way every day to help him around. We could not live in a better community; thank you so much for everyone's help.

The new **Phone List for the RM** will be coming out soon. Please let me know if you have any changes to your numbers or information. Each mailbox gets one copy of the list. If you want more than one copy the cost is \$0.50 and they must be pre-ordered. I also have a couple spots available for advertising. The spots are approx. 1" x 2.5" and cost \$35. Please contact me prior to **April 28th**.

Heather Fisher - 306-299-7717 or hgfisher@hotmail.com.

Whoever borrowed the patio table with the rock top and two chairs with wicker seats off of Warlin Ice Cream's deck please return them as soon as possible. I'm sure that we need them here worse than you do. Thank you.

DEADLINE FOR ADS
for the next issue is
Monday, April 22 at noon.

**April is Parkinson
Awareness Month**

Parkinson's changes everything.
Together, we inspire hope
in our communities.

Charitable Number 10809 1786 RR0001

World Parkinson's Day is celebrated annually on April 11, Dr. James Parkinson's birthday. The day is dedicated to advocating for people with Parkinson's disease. World Parkinson's Day increases awareness of Parkinson's and is intended to spur new research and treatment initiatives. Parkinson Canada works to educate the public, particularly during the month of April, Parkinson Awareness Month, by hosting fundraising and awareness events and reaching out to Canadians with Parkinson's and the general public in communities across Canada.

Parkinson's disease affects 1 in every 500 people in Canada. Over 100,000 Canadians are living with Parkinson's today and approximately 6,600 new cases of PD are diagnosed each year in Canada (based on annual incidence of 20 new cases per 100,000 people). Most are diagnosed over the age of 60; however, at least 10% of the Parkinson's population develops symptoms before the age of 50. Approximately four million people worldwide are living with the condition.

**YOUR
SUPPORT
IS STRONGER
THAN CANCER**

VOLUNTEER

- Nearly 1 in 2 Canadians is expected to be diagnosed with cancer in their lifetime.
- Today, 60% of people diagnosed with cancer will survive 5 years after their diagnosis, compared to 25% in the 1940s - thanks to new research discoveries made possible by generous donors like you.
- Canadian Cancer Society is the only national charity that supports Canadians with **all cancers in all communities** across the country.
- In addition to cancer research and support programs, we advocate for important policy changes and funding for cancer-related issues, such as extended employment insurance benefits for family caregivers.

Doug Steele, MLA for Cypress Hills

The spring sitting of the legislature has seen the launch of some important initiatives including a new provincial crime watch system which can send text messages, emails and place phone calls to residents about criminal activity in their area.

Efforts to improve wireless services continues with the announcement of 8 more small cell site towers. Better coverage in our communities helps connect everyone from the farm to the city, and we're going to keep working to do that across Saskatchewan.

Your Saskatchewan Party government is on track to deliver on our plan to balance the budget while maintaining a competitive tax and business environment, and focusing on important programs and services that are sustainable for the long-term.
