PROVINCIAL CHAMPS!

4-H Provincial Curling playoffs were held in North Battleford on February 14 to 16. This Reno 4-H team competed in the Junior Age category at club level, district level and regional level in order to be able to represent the South West Region at the provincial playoffs. There were 9 junior teams and 8 senior teams competing from all over the province.

The girls played a total of 7 six-end games in 2 days! On Saturday, they won their first two games but lost in the "A" final so they dropped to the "B" event. On Sunday, they won the "B" semifinal and the "B" final. Next they won their first game against the "A" winners, so they had to play them again as they had to beat them two times (double knockout format). In a tense final game, trailing by 3 coming home, the girls played an awesome end and scored 5 to win!!! Final score was 7-5.

Lots to smile about
when you are
Provincial Champs!
Congratulations to
Reese Mackie, Sarah
Beierbach, Brette Tully,
Skip Payton Fisher and
Coach Heather Fisher!

EXPLORE YOUR HISTORY!

DOUG STEELE

Saskatchewan Party MLA for Cypress Hills

Saskatchewan is an entrepreneurial province in which we want people to be able to start and grow their businesses. Reducing red tape and regulatory burden is imperative because we know that when small businesses grow, Saskatchewan grows.

Saskatchewan's Growth Plan for The Next Decade recognizes that competitiveness is crucial to economic growth. On the issue of taxes, regulations and government spending, our objective is to ensure Saskatchewan remains competitive.

We know that red tape can stand in the way of the growth of businesses and communities. Our government's "Help Cut Red Tape" web portal helps residents fast-track their concerns on regulations. Our work on this initiative was recently recognized and celebrated by the Canadian Federation of Independent Business (CFIB).

Saskatchewan received the CFIB's highest ranking in their national *Red Tape Report Card* for its efforts to reduce red tape and modernize regulations. We will continue to identify and cut red tape with additional actions in our Growth Plan, which include:

- appointing a business advisory panel from communities across the province to identify priorities for the Government of Saskatchewan's Red Tape Reduction Committee;
- keeping the province's finances strong and investing in priorities such as infrastructure and health care, which are areas of concern for small businesses; and
- utilizing the Government of Saskatchewan's Direct Cost Estimator to make informed decisions.

This past year, Saskatchewan saw an increase of 10,400 jobs, or 1.8 per cent, from 2018. More than half of that job growth is due to full-time jobs. In spite of some external headwinds, the creation of 10,400 jobs last year is an indication that Saskatchewan has a robust, diverse and growing economy and is on track for continued growth.

Complete with action items and ambitious goals for the future, *Saskatchewan's Growth Plan for The Next Decade* is a roadmap to get us there. To learn more please visit saskgrowthplan.ca.
