Bakery News - Our hours are 7 a.m. - 5:15ish p.m. Monday-Friday. We welcome calls for pizza orders or items from the freezer even when we are not open as we are definitely trying to provide services. We appreciate your orders. As we often say, avoid disappointment, order ahead! 😊 We have been posting our daily menu on Facebook and have a sign in the window so you can see what we are featuring. Suggestions welcome. Please note that the motel is also open, for any tradespeople you may have doing work here. Thanks so much for your support and for your understanding of the physical distancing we are all practicing. And... the pizza oven season is almost upon us! If we could get a few nice days we will fire it up!

HERE TO ASSIST YOU

Toll Free: 844-672-1755 / steelemla@sasktel.net

Our constituency office is here to assist with government services and programs.
Please contact us by phone or email to maintain social distancing.

COVID-19 is having a significant impact on our daily lives, our business, and our economy. We all need to continue our diligence to protect each other through social distancing and practice good hygiene. Our government is working to ensure people and business have the support they need to come out of this trying time successfully. Below are a few of the programs that could be of service to you.

Business

Saskatchewan small businesses are receiving additional provincial support to help deal with current COVID-19 challenges through the new Saskatchewan Small Business Emergency Payment. The \$50 million program will provide financial support to small- and medium-sized businesses that have had to temporarily close to significantly curtail operations as a result of the COVID-19 pandemic. Grants will be paid based on 15 per cent of a business' monthly sales revenue, to a maximum of \$5,000. For information on this program, email ssbep@gov.sk.ca, visit www.saskatchewan.ca/covid19-businesses or call 1-800-667-6102.

If you have questions on the status of your business on the list of allowable business services, please contact the Business Response Team at 1-844-800-8688, emailing supportforbusiness@gov.sk.ca or by visiting www.saskatchewan.ca/covid19-businesses.

Information on support for workers who had their employment impacted by the current economic situation is found at www.saskatchewan.ca/covid19-workers.

Mental Health

Mental Health services and supports are readily available to Saskatchewan residents in need. In recent spending estimates, the Ministry of Health is investing \$435 million in mental health and addictions services, an increase of \$33 million.

Mental health resources available to Saskatchewan residents include:

- The Farm Stress Line provides support for farmers and ranchers and is available 24 hours per day, seven days per week. To get help, call 1-800-667-4442.
- Kids Help Phone (<https://kidshelpphone.ca/>) offers kids counselling, information and referrals by phone, text or online chat. It's confidential, free and available 24/7.
- Mobile Crisis (<http://www.mobilecrisis.ca/mobile-crisis-helpline/>) centres are located across Saskatchewan and operate 24/7.

Oil and Gas Support

The Government of Saskatchewan is implementing a series of relief measures for the provincial oil and gas sector, in response to the unprecedented economic downturn resulting from the COVID-19 pandemic and the price war between Saudi Arabia and Russia. The Saskatchewan energy sector is the second largest contributor to provincial GDP and, directly or indirectly, employs more than 34,000 people.

Provincial relief measures by the Government of Saskatchewan include:

- Extending filing and other deadlines to assist the oil and gas sector in stabilizing operations
- Extending mineral rights scheduled to expire in 2020, by one year, including rights granted under the terms of an oil and gas lease, exploration license or permit
- Reducing the industry portion of the Oil and Gas Administrative Levy by 50 per cent this fiscal year and delaying the invoicing of the remaining balance until October 1, 2020. This will provide the sector with relief of \$11.4 million to address immediate liquidity challenges
