## coming events

**The Graduating Class of 2020 would like to invite you to their  
"virtual" graduation on Friday, June 19th.**

The majority of the ceremony will be posted on the Consul School Facebook page throughout the day, culminating in a live stream of the presentation of the scrolls at 7:00 p.m. Make sure you have your devices charged so you

don't miss any of this year's ceremony!

Following the school celebration, the graduates and their families would like to invite the community to join us in celebrating our graduation. We will be having a drive by/parade outside the school following our livestream on Facebook. The parade will start at approximately 7:30 p.m. Each grad will have their own space by the school where you are welcome to congratulate the grads and drop off cards/gifts if you choose.

Please keep social distancing in mind and watch for directional arrows.

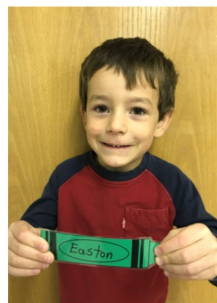

We hope to see you there!

## Saskatchewan Party MLA for Cypress Hills

While COVID-19 has temporarily changed what we do and how we do it, it has not changed who we are. Saskatchewan people are demonstrating strength and resilience in doing their part to flatten the curve and prevent the spread of this virus.

Saskatchewan.ca is your best resource for accurate details of the COVID-19 pandemic and government's response. You can find up-to-date information on testing, public health orders, self-isolation tips, news releases and travel information.

If you have health-specific questions related to COVID-19, you should call 811. All other COVID-19 inquiries should be directed to the Saskatchewan Public Safety Agency at 1-855-559-5502. E-mail inquiries can be directed to [COVID19@health.gov.sk.ca](mailto:COVID19@health.gov.sk.ca).

The Cypress Hills Constituency Office remains open to assist you with government programs and services.

Governments across Canada and around the world remain focused on COVID-19, here in Saskatchewan we have been looking at the best and safest ways to re-open and re-start our economy while protecting residents from infection. Our province has introduced a staged approach that is working well so far.

The Saskatchewan Small Business Emergency Payment has been extended to businesses who still need to remain closed or significantly curtail operations after May 19, 2020.

As part of our COVID-19 response, the Government of Saskatchewan is fast-tracking a record \$278 million in municipal revenue sharing. This stable, consistent, no strings attached funding can be invested in programs and services as communities see fit.

A new \$2 billion infrastructure stimulus is also designed to encourage local job creation and support our province's economic recovery. This includes \$150 million in a per capita payment through a new Municipal Economic Enhancement Program to support infrastructure projects across the province. This is in addition to \$5.5 billion in planned infrastructure investment to schools, hospitals, highways, municipal infrastructure, Crown utility and other important projects.

In all, this \$7.5 billion stimulus balances smaller short-term projects that can start sooner and get people back to work more quickly with larger projects that will involve several sectors. The safety of workers and communities is paramount which is why work sites will be required to follow all physical distancing measures and restrictions through all five phases of our Re-Open Saskatchewan Plan.

Increased investment in infrastructure will build a strong Saskatchewan by helping more workers get back on the job, helping more companies get back to business, and helping families and communities bounce back from the impacts of COVID-19.
