## thank you

The Consul Curling Club would like to say Thank You for the Annie French Memorial donations we received from Ruth Klassen, and Peggy and Grant Brown. We would also like to thank the family for thinking of us.

We would like to express our appreciation and thankfulness for the baking, flowers, and the many kind and thoughtful words sent our way since the passing of our dad/grampa, Les Fairbrother. We found it so encouraging to read how Les touched your lives in even the smallest ways, through his repair work, his fabricating, his creative inventions, or even his visits over coffee in Margaret's kitchen. Although he lived a very quiet life, he had many friends with whom he made lots of memories with over the course of his life in Consul.

Thank you for sharing your memories with us.

Rodney, Lisa, Hannah, Jordan, Patrick, Mickalie, and Julia

PS: If you ever look up and see an 80-foot analogue TV antenna still standing in the community, you can think of Les. This will be one of his legacies still standing!

## Saskatchewan Party MLA for Cypress Hills

I am proud to say that Saskatchewan has one of the most competitive business environments in all of Canada.

Several companies have announced large-scale economic projects. Some of these include Richardson International's expansion to double capacity of a crush facility; Viterra's intention to develop the world's largest canola crushing facility; Cargill developing a new state-of-the-art canola processing facility; North American Helium Inc. opening the largest helium facility in Canada; and Saskatchewan Mining and Minerals Inc. significantly upgrading its sodium sulphate plant.

With these large private sector investments worth billions of dollars, our province is in an enviable position coming out of the pandemic.
