THANK YOU to Paul Tremblay for his volunteer service prepping the area (moving/levelling dirt with his equipment) for the new climbing play equipment we purchased for our daycare playground.

THANK YOU to the students and their teacher, Mrs. Abbey Stokke, of the PAA30 class (Consul School) for their volunteered time and skills for the assembly of this climbing structure as well the unloading/dispersing of the protective surface material under and around it. The children can now enjoy some additional safe play and exercise.

While exercising their skills, Mrs. Stokke’s students are learning the importance of ‘giving back’ or volunteerism within our community which we truly appreciate.
